SONA 2026 × SDG 2030 · CONGRESSIONAL BRIEFING FOR THE SPEAKER

Delivery was widely reported; measured outcomes and four SDGs remain open.

National development progress, implementation gaps and congressional action — to support legislative, budget and oversight deliberation.

WHAT THE ADDRESS COVERED · 17 SDGS

9 | 4 | 4

9 extensively · 4 briefly · 4 not covered (SDG 6, 12, 14, 15)

1 · WHERE ARE WE? National SDG snapshot

Figures as stated in SONA 2026

SDG 1 — REPORTED

3.5M

families reached by 4Ps and Walang Gutom

SDG 16 — REPORTED

₱25B

recovered, frozen or preserved; ₱800M+ returned

SDG 3 — REPORTED

4.5M

YAKAP check-ups among 25M registered

SDG 7 — COMMITMENT

45 of ~200

power projects completed

45 done · 31 in 2026 · 124 by '28

SDG 2 — COMMITMENT

2.5M of 8M

families given rice (26,000+ tons)

31% of the stated 8M goal

SDG 15 — COMMITMENT

18M of 100M

coconut trees planted

18% of the stated 100M target

1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17
Full	Full	Full	Full	Brief	None	Full	Full	Full	Full	Brief	None	Brief	None	None	Full	Brief

Full = extensive · Brief = mentioned briefly · None = not covered (attention, not progress)

SDG progress status: Insufficient Data. The summary gives no baselines, targets or trends, so no goal is rated On Track or At Risk.

2 · WHAT REMAINS UNRESOLVED? Gaps and public impact

Amber = commitment, outcome not yet shown · Red = coverage gap

Crisis relief is large but time-bound

1 2

EVIDENCE ₱60B+ allocated to year-end for ~7.5M families (reported).

IMPACT Households hit by fuel and food prices get cash, fare and rice aid.

CONCERN No results-monitoring mechanism was described.

GOVERNMENT COMMITMENT

Informal workers: access begun, protection undefined

1 8

EVIDENCE SSS covers ~44M, incl. 80,000+ informal-sector workers (reported).

IMPACT Some drivers, vendors and gig workers gain pension access.

CONCERN No policy on legal protection or fair wages for the sector.

REPORTED ACHIEVEMENT · LEGISLATIVE OPPORTUNITY

Disaster response: speed is a design target

11 13

EVIDENCE Quake: 600,000+ families aided, ₱3B+ spent. Network: 15 hubs, 919 facilities.

IMPACT Quicker relief for quake- and typhoon-exposed areas, if delivered.

CONCERN "Under 24 hours" is untested; climate not named as a driver.

GOVERNMENT COMMITMENT

Water, waste, ocean, land: little attention

6 12 14 15

EVIDENCE 4 of 17 SDGs not covered; oceans got no passage, others one each.

IMPACT Water, waste, fisheries and forests have no stated targets.

CONCERN Current status unknown; PSA/UN baselines not yet added.

INSUFFICIENT EVIDENCE

3 · WHAT CAN CONGRESS DO? Congressional action map

Options to examine — proposed, not enacted; outcomes not assured

Take up measures the address asked Congress to consider

ISSUE Income-tax exemption ₱250K→₱350K, small-business and amnesty relief; EPIRA system-loss charges; "Sariling Kuryente"; solid-waste law; Building Code.

MECHANISM Bills and committee hearings; tax and appropriation bills originate in the House (Const. Art. VI §24).

OPTIONS Request revenue-forgone estimates (none in SONA); sequence by household impact.

OUTCOME Lower tax and power-cost burdens, if enacted.

SDG 10.4 7.1 11.5

Review relief funding and results in the 2027 budget

ISSUE ₱60B+ for ~7.5M families runs to year-end; beneficiary results are not reported.

MECHANISM Appropriations review; oversight hearings with DSWD, DOLE, DA.

OPTIONS Require quarterly reach and disbursement data; test targeting; decide on continuity.

OUTCOME Relief reaches the intended households.

SDG 1.3 2.1

Make resilience and unaddressed goals measurable

ISSUE Disaster network and "State of Imminent Disaster" are untested; SDG 6, 12, 14, 15 lack stated targets.

MECHANISM Oversight hearings; budget tagging; review of legal basis.

OPTIONS Ask agencies for baselines; add SDG indicators to budget reports; clarify if new law is needed.

OUTCOME Verified delivery in the next disaster.

SDG 11.5 13.1 6.1

4 · WHAT TO MONITOR? SDG 2030 accountability lens

COMMITMENT	EVIDENCE TO REQUEST	OUTCOME TO TRACK	SDG
₱60B relief for ~7.5M families	Disbursement, beneficiaries (DSWD)	Poverty, food insecurity (PSA)	1.3 · 2.1
~200 power projects, 45 done	MW energized vs. committed	Electricity access, price	7.1 · 7.2
₱25B recovered or frozen	Funds returned; cases filed (Ombudsman)	Cases resolved	16.5 · 16.6
15 hubs, 919 facilities	Facilities operational	Relief time in next disaster	11.5 · 13.1

Data gaps: no baselines or targets in the SONA; lead agencies unnamed for most items. PSA, UN and VNR data to be added.

Ask: How many of the 7.5M families were reached, and what follows year-end? Which power projects are energized?

EXECUTIVE TAKEAWAY | Reported relief, energy and governance actions now need measured outcomes, while resilience delivery and four unaddressed SDGs warrant closer attention before 2030. Congress's levers are the 2027 budget, the tax and energy measures it was asked to consider, and oversight hearings.
